It shall be the policy of the Carson City School District to uphold the provisions of the Family and Medical Leave Act of 1993.

This policy goes into effect upon the termination of Carson City School District collective bargaining agreements or February 5, 1994, whichever comes first.

Adopted: January 25, 1994

**BOARD OF TRUSTEES  
CARSON CITY SCHOOL DISTRICT**

**ADMINISTRATIVE REGULATION No. 344**

**CERTIFIED STAFF**

**FAMILY AND MEDICAL LEAVE ACT**

Effective upon the termination of collective bargaining agreements or February 5, 1994, whichever comes first, the Carson City School District regulations for the Family and Medical Leave Act are as follows:

**Eligible Employees**

Employees are eligible under the Family and Medical Leave Act if they worked for the Carson City School District for at least 12 months and for at least 1,250 hours during the months preceding the Family and Medical Leave Act leave. Subject to the conditions of this regulation, eligible employees may request up to twelve (12) weeks family and medical leave during a twelve-month period.

Any employee who works principally in an instructional capacity who would be on leave for greater than 20% of the total number of working days in the period during which the leave would extend, may be required to take leave for periods of particular duration or transfer temporarily to an alternative equivalent position that better accommodates the leave.

Any employee who works primarily in an instructional capacity and who requests a period of leave near the conclusion of the academic term, may be required to continue the leave until the end of the term.

**Permissible Purposes of Family and Medical Leaves**

An eligible employee may request a family and medical leave for any of the following reasons:

- 1) The birth of the employee's child;\*
- 2) The placement of a child with the employee in connection with an adoption or foster care;\*
- 3) To care for a child, parent, or spouse who has a serious health condition;\*

\*In a situation where both spouses are employed by Carson City School District, the family unit is only entitled to an aggregate 12-week maximum leave period. If one spouse is ineligible for FMLA leave, the eligible spouse is entitled to the full leave period. If each spouse is entitled to the full leave period and if each spouse has used less than the 12-week leave for qualified purposes, each would be entitled to the unused portion of the 12 week entitlement.

## REGULATION No. 344 - CONTINUED

- 4) Due to a serious health condition that prevents the employee from performing the functions of his position.

Any leave of absence that is granted to an employee under this policy or any other policy for a purpose specified above shall be credited against the 12-week limit contained in this policy.

Leave taken to care for a new born or newly-adopted child must be completed within 12 months after the birth or adoption. Leave taken to care for a terminally ill child may be taken only once for any given child. The District may require confirmation by a health care provider of the employee's need for family leave.

"Child" is defined as a biological, adopted or foster child, a stepchild, a legal ward who is under 18 years of age or incapable of self care due to a mental or physical disability. A "serious health condition" is one caused by injury, illness, impairment, or physical or mental condition that involves (a) inpatient care or (b) continuing treatment by a health care provider.

### Benefits During Leave

An employee who is granted a family and medical leave of absence must utilize any accrued vacation and other applicable paid time off during the period of the leave. Any portion of a leave that occurs after all vacation and other applicable paid time off have been exhausted shall be without pay. For purposes of this policy's 12-week limitation, any paid and unpaid portions of the leave of absence shall be added together whether or not they are taken consecutively.

Health insurance benefits ordinarily provided by the Carson City School District, and for which the employee is otherwise eligible, will be continued during the period of the leave. The Carson City School District will continue to pay its share of the premiums for the period of the leave, up to a maximum of 12 weeks. The cost of dependent coverage normally borne by the employee will remain the sole responsibility of the employee. The employee must pay his share of the premiums for dependent coverage by making timely payments to the Carson City School District, in care of the Accounting Department, at the same time as such payments would be made if they were paid via payroll deductions. The employee should make arrangements with the Accounting Department to pay the cost of such dependent coverage.

### Notification Rules

An employee must provide proper notification as a condition of eligibility for this leave. The employee must notify the Human Resources Office in writing of the need for such a leave, the date it will commence, and the anticipated duration of the leave. The employee must provide 30 days advance notice, unless the family leave is not foreseeable, in which case the employee must notify the District of the expected leave within one (1) working day of the beginning of the leave. A failure to comply with these notice rules may result in denial or postponement of the requested leave. However, if the need for a family and medical leave results from an emergency or is

## REGULATION No. 344 - CONTINUED

otherwise unforeseeable, the leave will not be denied simply because an employee fails to provide advance notice.

### Certification By Health Care Provider

If an employee requests a leave due to a serious health condition of the employee or a family member, the employee must support the request with a certification issued by the health care provider of the individual with the serious health condition. The certification should include the following information:

- 1) The date, if known, on which the serious health condition commenced;
- 2) The probable duration of the condition;
- 3) An estimate of the amount of time that the health care provider believes that the employee needs to care for the individual requiring the care; and
- 4) A statement that the serious health condition warrants the participation of a family member to provide care during a period of the treatment or supervision of the individual requiring care. If an employee requests intermittent leave for planned medical treatment, the certification should specify the dates on which such treatment is expected to be given and the duration of such treatment. If the time estimated by the health care provider under (3) above expires, the employee must submit a recertification if the employee desires additional leave. In addition, extensions will not be granted that cause the total period of the leave to exceed the 12-week limitation identified above.

### Reemployment Privileges

An employee who complies with the provisions of this policy will be guaranteed reemployment upon expiration of an approval leave, provided that the total period of the leave does not exceed 12 weeks. The employee will be reemployed in the same or an equivalent position as that which he occupied when the leave commenced. An employee who takes a leave because of his own serious health condition must provide a medical certification verifying that he is able to return to work in the same manner as employees who return from other types of medical leave. If an employee fails to return for work immediately following the expiration of the approved leave, the employee will be considered to have voluntarily separated from the Carson City School District's employ.

### **D. Informal and Formal Resolutions of Complaints**

INFORMAL: The District is committed to the prompt and equitable resolution of all reports or complaints. An individual may voluntarily choose informal measures, but will be informed of the options and timelines available to them in formal complaints procedures. The following informal steps may be tried if the individual chooses and if the harassment is not severe:

1. Inform the individual or his/her supervisor/site administrator that his/her behavior is unwelcome, offensive or inappropriate. Confrontation is not required, however, and notice may be accomplished in a letter developed with the assistance of a supervisor, site administrator or District's Associate Superintendent of Human Resources.

Request a copy of the District's harassment policy/regulation so that reporting processes are clear.

FORMAL: At any time, an individual may choose to initiate the formal procedure to resolve the problem. At no time shall an individual's attempts at informal resolution be used to delay or excuse the District's responsibility to investigate reports of harassment in a prompt and equitable manner, with or without a formal complaint.

All individuals are permitted and encouraged to have a friend, association representative, or advisor present with them for moral support during any stage of the reporting and investigation. Once a report or complaint has been filed with the first level supervisor, or site administrator who is not involved in the alleged harassment, or District's Associate Superintendent of Human Resources, a confidential and expeditious investigation shall begin following the procedures outlined in the "District's Complaint Procedure" on pages 5 through 8 of this regulation.

### **F. Sanctions**

Consistent with the requirements of applicable regulations or statutes, the Superintendent may take such action as deemed necessary and appropriate after the completion of the investigation. All parties involved in the investigation shall be notified of the decision of the Superintendent.

## **REGULATION No. 343.1 – CONTINUED**

### **Reporting Procedures:**

The District encourages every student who believes s/he has been the recipient of sexual misconduct and every student or other individual who has knowledge of sexual misconduct to report immediately the alleged act(s) to a teacher, school counselor, principal, or other appropriate District official. The report shall be in writing. The District will keep the name of the person making the report confidential to the extent possible and will make it available only to those individuals who are necessarily involved in the investigation and the administration of the complaint. The person receiving the report shall document the time and place of the report and the name of the person making the report. Any teacher, administrator, official, volunteer, or other school employee who has or receives information that a student has or may have been a recipient of sexual misconduct is required to report the alleged acts to the Associate Superintendent in charge of Human Resources no longer than 48 hours after receiving the information. Failure to make this report as prescribed may result in disciplinary or other appropriate action against the teacher, administrator, official, volunteer, or other school employee.

(As required by NRS 432B.220, in situations where there is reasonable cause to believe that a child has been abused or neglected, a school administrator, teacher, librarian, or counselor must report this to child welfare services or a law enforcement agency within 24 hours.)

### **Investigation:**

The District shall promptly investigate all complaints or allegations of sexual misconduct. It will keep all investigations confidential to the extent possible. The District will release information obtained only to those individuals who are necessarily involved in the investigation and the administration of the complaint, or as required by law. The District will inform the individual filing the complaint, as well as the individual against whom the complaint was made, of the final determination. All employees and students questioned as part of an investigation will be told and expected to refrain from discussing the matter with anyone except agency or legal representatives.

The initial investigation will be conducted by a qualified and objective school official not named in the complaint or by an outside investigator. The investigator will act with due regard for the rights of all individuals and, in particular, to ensure any rights of students to have their parent(s)/ guardian(s)/ present during questioning. If the initial investigation indicates that a criminal act may have occurred, the investigator shall immediately notify the Superintendent who will in turn immediately report the matter to the law enforcement agency having jurisdiction.

The District treats all complaints or allegations of sexual misconduct seriously and expects all employees and students to be candid and truthful during the investigation process. If credible evidence indicates that a participant in the investigation has made intentionally false or malicious statements, the District will discipline or take other appropriate action against that participant.

### **District Action:**

Upon determination that a violation of this policy has occurred, the District will provide written notice of the results of the investigation to the complainant and the person accused of the violation. If warranted, the District will also initiate appropriate remedial and/or disciplinary action consistent with the findings of the report and the requirements of applicable collective bargaining agreements, District policy, and state and federal law.

## **REGULATION No. 343.1 – CONTINUED**

### **Reprisal:**

The District will not tolerate any form of retaliation toward any person who reports alleged sexual misconduct in good faith, assists another in filing a complaint, or provides truthful statements during an investigation.

The District will discipline or take other appropriate action against any student, school personnel, volunteers, administrators, or officials for threatening, intimidating, or interfering with the educational or school-related extra curricular opportunities of any person who complains of sexual misconduct, or reports sexual misconduct, or who testifies or participates in a proceeding, investigation, or hearing related to a complain of sexual misconduct.

Any student who believes s/he is being retaliated or discriminated against in any manner whatsoever as a result of having filed a complaint, provided information, testified, or participated in a proceeding, investigation, or hearing related to a complaint of sexual misconduct or provided advice and/or assistance to one who filed a complaint should immediately notify the Superintendent or Principal who shall take appropriate timely action to review and resolve the allegation.

### **Training:**

All District employees, volunteers, officials, and administrators will participate in an initial training session and in periodic training updates on the prevention of sexual misconduct, will be given a copy of the District's policy, and will sign an acknowledgement of receipt of such policy. The District will provide all new employees with a copy of this policy and afford employees an opportunity to discuss the contents during orientation.

### **Dissemination of Policy:**

The District will make this policy available to parents or guardians and all students, as appropriate, during annual registration. The District will also publish the policy in student handbooks, and post the policy in the District administrative offices and in school offices. At least annually, the District will publicize this policy in school newsletters or other publications used to communicate District policies to parents and guardians.

CERTIFIED STAFF**

**STAFF INFRACTIONS-DRUG AND ALCOHOL ABUSE**

Drinking of alcoholic beverages or use of controlled substances while on duty, or being under the influence of alcohol or narcotics during duty hours, is evidence of unprofessional conduct and unfitness for service and constitutes grounds for dismissal.

Evidence of alcohol or drug abuse while on duty which impairs an employee's job effectiveness during normal working hours will be handled in the following manner:

1. The immediate supervisor will confer with the employee about the nature of the problem and the need for remediation. The employee will be given written notice that working under the influence of alcohol or drugs will not be permitted. Employees whose work activities are impaired as a result of drug or alcohol abuse will be referred for medical attention.
2. If a second incident occurs, the supervisor will again confer with the employee and will give the employee a written recommendation to seek remedial treatment. Upon written recommendations from a physician, sick leave may be used for remedial treatment in this regard.
3. If remedial treatment is rejected, or if a third incident occurs, the employee will be subject to appropriate discipline action under the provisions of NRS 391.

The primary objectives of this procedure are to assist employees to overcome problems related to alcohol and drugs and to be productive members of the staff. Every effort, consistent with successful operation of the schools, will be made to assist the employee in recognizing and remediating problems of this nature.

## REGULATION No. 225 – CONTINUED

a) **Pre-Employment/Pre-Service Testing:** Pre-employment testing (see **Appendix D**) will be required of all successful applicants. Employment will be conditioned upon successfully passing a drug/alcohol test. Any applicant for employment who tests positive in the pre-employment testing will not be hired and will not be eligible to re-apply for employment with the District for one year following the confirmed positive test.

Pre-Service Testing may be required of any volunteer who had disclosed or if the background check reveals a history of chemical dependency, substance or alcohol abuse or other drug related problems.

b) **Reasonable Suspicion:** Any employee or volunteer who is reasonably suspected to be under the influence of alcohol or drugs will be required to take a drug or alcohol test. Reasonable suspicion will be determined by a supervisor (as defined by the applicable collective bargaining agreement) who is at least one level above the employee to be tested and has received the training required by Section 12 of this Administrative Regulation. The supervisor's findings will be reviewed by the Alcohol and Drug Program Manager (or his designee) before the testing is authorized. The circumstances supporting that determination will be drawn from specific objective and articulated facts which must be documented (see **Appendix E, F & G**). Reasonable suspicion may include, but is not necessarily limited to the following examples: observable phenomena while at work, such as observation of drug use or the physical symptoms of being under the influence; abnormal conduct, erratic behavior or a significant deterioration in work performance; evidence that an individual has tampered with a drug test; information that the individual has caused or contributed to a vehicular or other accident while at work or on duty or evidence that the employee or volunteer has used, possessed, sold, solicited or transferred drugs on work premises or while operating District vehicles, machinery or equipment.

c) **Post-Accident Testing:** Post-accident testing will be done as soon as possible on all employees or volunteers who are involved as a driver in a District owned vehicle in which an accident occurs while performing their duties; i) on a surviving employee or volunteer when an accident results in loss of human life; ii) when an employee or volunteer receives a citation for a moving violation and one or more of the vehicles involved in the accident is towed from the scene of the accident; or iii) when an employee or volunteer receives a citation for a moving violation and one or more persons involved in the accident receives medical treatment away from the scene of the accident. All employees who possess a Commercial Drivers License as a condition of employment will follow the guidelines as set forth in Administrative Regulation No. 355.

d) **Follow-up Testing:** Employees who have successfully completed an employee assistance program or substance rehabilitation program and return to duty must submit to unannounced drug or alcohol testing at least once a year for a two (2) year period after completion of the program.

## REGULATION No. 225 – CONTINUED

4. **Confidentiality:** All aspects of the substance testing process will be kept confidential to the extent allowed by law. In general, all information, reports, statements, memoranda and drug test results, written or otherwise, received by the District through a drug testing program are and will be treated as confidential communications.
5. **Consequences of Refusing to Submit to a Drug Test:** If an employee, applicant or volunteer refuses to a test required by this Administrative Regulation when requested by an authorized District employee, such a refusal will be treated as a positive test result. Failure to complete and sign testing forms, to provide an adequate specimen or otherwise to cooperate with the testing process in a way that prevents the completion of the test will be considered a refusal to test and will be deemed a positive test result. Any attempt to adulterate a specimen or provide a specimen that is adulterated will also be considered a refusal to test and will be deemed a positive test result. Any obstruction too and lack of cooperation with the testing process will be considered a refusal to test and deemed a positive test result. Failure or refusal to appear, participate in, or be available for testing will be deemed a refusal to submit to testing and deemed a positive test result.
6. **Consequences of a Positive Test:** An initial test or "screen" for alcohol or drug is an analytical procedure to determine whether an employee, applicant or volunteer may have a prohibited concentration of alcohol or controller substance in his or her system. A positive test result will require immediate removal of the employee or volunteer from duty. An employee shall be put on a paid leave status. No employee or volunteer shall perform duties after testing positive until the terms specified in this Administrative Regulation have been satisfied.

When appropriate, the District will require employees with workplace substance violations to satisfactorily participate in an approved Employee Assistance Program (EAP) or rehabilitation program. Employees will not be discharged, disciplined, discriminated against, requested or required to undergo rehabilitation, on the sole basis of a positive screening test result that has not been verified by a confirmation test.

A confirmation test is a second analytical procedure to confirm the presence of a specified drug or metabolite in a specimen through a different technique than the screen; or a second test that provides specific quantitative data for alcohol following a screening test with a result of two one-hundredths (0.02) or greater is used to confirm an initial positive test. If an employee has a confirmed-positive test result for an alcohol level exceeding 0.02 or for an unlawful controlled substance, the employee will be subject to disciplinary action up to and including termination of employment, consistent with the applicable collective bargaining agreement, if any.

Applicants for employment with such results will not be hired and will not be eligible to re-apply for employment for one (1) year and volunteers with such results will not be allowed to perform further volunteer functions.

## REGULATION No. 225 – CONTINUED

a) **Pre-Employment/Pre-Service Testing:** Pre-employment testing (see **Appendix D**) will be required of all successful applicants. Employment will be conditioned upon successfully passing a drug/alcohol test. Any applicant for employment who tests positive in the pre-employment testing will not be hired and will not be eligible to re-apply for employment with the District for one year following the confirmed positive test.

Pre-Service Testing may be required of any volunteer who had disclosed or if the background check reveals a history of chemical dependency, substance or alcohol abuse or other drug related problems.

b) **Reasonable Suspicion:** Any employee or volunteer who is reasonably suspected to be under the influence of alcohol or drugs will be required to take a drug or alcohol test. Reasonable suspicion will be determined by a supervisor (as defined by the applicable collective bargaining agreement) who is at least one level above the employee to be tested and has received the training required by Section 12 of this Administrative Regulation. ## REGULATION No. 225 – CONTINUED

7. **Effect of Common Medications:** It is the responsibility of the employee, applicant or volunteer to provide information concerning the use of drugs and medications which may impact a drug test. The most common drugs and medications which may alter or affect a drug test are listed in **Appendix A** to this Administrative Regulation.
8. **Reporting Medications to the MRO:** Both before and after being tested, employees, job applicants and volunteers may confidentially report to the Medical Review Office (MRO) their use of prescription or nonprescription medications that could alter or affect the test.

An MRO is a licensed physician employed or contracted by the District's drug and alcohol testing vendor, who is qualified to perform testing and knowledgeable in the use of prescription drugs and the pharmacology and toxicology of illicit drugs. The MRO will evaluate the test results, together with the medical history or any other biomedical information to make a final determination of the test results.

9. **Drugs Tested:** The District may test for any of the following drugs, among others: alcohol, including a distilled spirit, wine, a malt beverage or an intoxicating liquor; amphetamines; cannabinoids (marijuana); cocaine; phencyclidine (PCP); hallucinogens; methaqualone (methamphetamines); opiates or narcotics, barbiturates; benzodiazepine; synthetic narcotics; designer drugs; or a metabolite of any of these substances. More details on some of these substances are included in **Appendix B** to this Administrative Regulation. Drug and Alcohol testing will be done at a laboratory approved by the U.S. Department of Health and Human Services.
10. **Response to a Positive Confirmed Test:** An employee, job applicant or volunteer whose test result is confirmed positive may contest or explain the result to the MRO within five (5) working days after receiving written notification of the test result. If the explanation or challenge is unsatisfactory to the MRO, the MRO will report a positive test result to the District.
11. **Employee Assistance and Drug Rehabilitation Programs:** The District Employee Assistance Program (EAP) is a benefit for employees, approved and paid for by the District. It provides counseling services at no charge and is confidential, voluntary and provided by licensed professionals. An employee who voluntarily participates in the EAP and enters treatment and who does not violate the terms of this Administrative Regulation will not be disciplined or subject to any other adverse employment action as a result of such participation.

The EAP can provide expert assessment of employee personal concerns; confidential and timely identification of services for substance abuse; referrals of employees for appropriate diagnosis, treatment and assistance; and follow-up services for employees who participate in the program or require monitoring after returning to work.

## REGULATION No. 225 – CONTINUED

12. **Training:** Yearly training/retraining for supervisors includes but is not limited to;
- a) The recognition of the physical, behavioral, speech and performance indicators of alcohol and controlled substance abuse.
  - b) The concept and legal requirements of reasonable cause and suspicion alcohol and drug testing.
  - c) Transportation of employees for reasonable suspicion/post-accident Alcohol and Drug Testing.
  - d) Documenting performance issues associated with alcohol and drug abuse.

13. **Collective Bargaining and Appeal Rights:** This Administrative Regulation will apply in conjunction with applicable collective bargaining agreements and employees have the right to appeal actions taken hereunder using procedures established by the applicable collective bargaining agreement.

Employees and volunteers may appeal a positive test result to the Associate Superintendent of Human Resources, whose decision is administratively final.

14. **Further Information:** Employees, applicants and volunteers are encouraged to read and be familiar with this Administrative Regulation and corresponding Policy No. 225. **DISCIPLINARY ACTIONS**

Upon the recommendation of the employee's supervisor or principal and with the concurrence of the Superintendent, any classified employee may be suspended, provided that such suspension serves to allow time to investigate an incident, which may be cause for dismissal.

The employee may be suspended with or without pay, depending on the circumstances relative to the suspension, as determined jointly by the supervisor or principal and the Superintendent.

Employees suspended without pay will not be permitted to use any accrued sick leave benefits while on suspension. No employee can accrue leave benefits while on suspension. Any employee so dismissed will have the right to an opportunity for a hearing with the principal or supervisor who recommends dismissal. Appeal from the decision of the said principal or supervisor may be taken to the Superintendent, whose decision shall be final.
