PHS Counseling

The mission of the Pioneer High School Counseling Department is to implement a comprehensive school counseling program to promote student success through academic achievement. We are committed to providing an atmosphere in which students earn an education in a rich academic environment that respects and encourages student individuality and diversity and prepares them for a future in a rapidly changing society. We also have a school social worker on board to provide an extra layer of support to our students and families by providing wraparound services from basic needs to referrals to our community partners for mental health resources.

If you have any questions please call 775-283-1323 or fax 775-283-1390.
