## WHAT IS A SCHOOL COMPACT?

A school compact is a written agreement between a school, its parents and students. The compact gives strategies to help support students' success in school. The compact explains what families and schools can do to make a connection for the student between the two "worlds" they live in, home and school. Parents, students and the school work together to create a group of ideas that can assist the student with realizing their potential. This becomes the compact that is signed as an agreement by all those involved in the child's education.
